

Extra Credit – Classes 1 & 2

DUE FRIDAY 3/16/18

In celebration of Pi Day, use the below pie chart to answer the following questions.

Student Grades

1. What percent of the students received an "A"?
2. What is the total number of students whose grades are included in this pie chart? Round to the nearest whole number.
3. Which two grades combined represent at least 60% of all student grades?
4. Which two grades combined represent approximately one-third of all student grades?
5. One of the students who currently has a 75 wants to raise his grade to an 82. What percent increase does this represent?
